Why i>clicker?

To reset students' clocks

To offer immediate feedback to students and instructors

To promote higher class attendance and participation

Built for Educators, By Educators

The evolution of i>clicker

Early i>clicker development—
by educators for
educators.

1997-2003

Acquired by
Macmillan.
First i>clicker
sold in July 2006.

2005-2006

Used by over two
million students at
more than 1,000
schools...and
counting!

Today

i>clicker®

Have you used clickers?

- A. Never used them before
- B. Have used them as a participant
- C. Have used them as an instructor
- D. Consider myself a clicker pro!

Simple, reliable response solutions

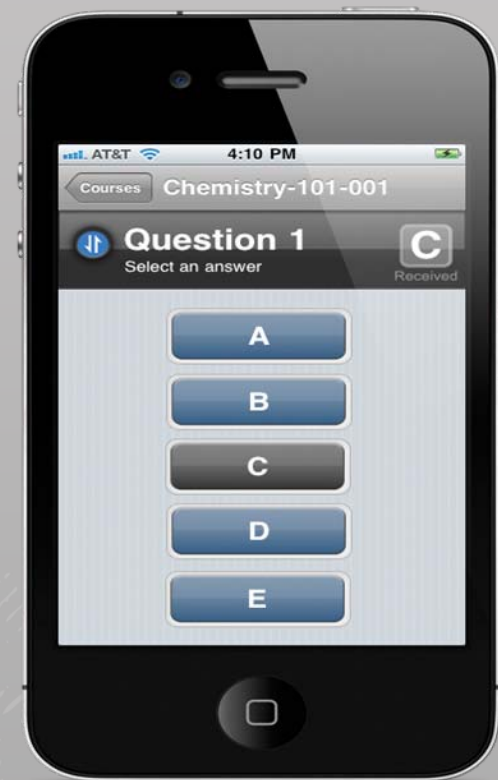

i>clicker

i>clicker2

web>clicker

i>clicker

- 6 multiple-choice buttons

Via your CMS

i>clicker
The Decision is Simple

Register Your i>clicker

Thank you for using i>clicker! Please complete the form below. Your professor will then be able to give you credit for using your i>clicker in class.

NOTE: If you registered your i>clicker last semester, you are still registered--no need to re-register.

If your remote ID has rubbed off or is illegible, you can locate your remote ID by using our [lookup tool](#).

First Name:

Last Name:

Student ID:

Remote ID:

FERPA / FIPPA compliant

In Class

Roll Call Registration

Step 1: Press the button that matches the 1st letter next to your name or ID.

Step 2: Wait for the green vote status light on your remote to disappear.

Step 3: Press the button that matches the 2nd letter next to your name or ID.

Time Remaining: 13
